

ON 20/18

(This is a reprint of Operating Notice 21/17 issued 27Feb2017)

## **Steam Locomotives on Wharf Curve**

Use of Wharf Curve by steam locomotives is amended as follows:-

1. Locomotives 4 and 6 may enter the curve, e.g. where this is required for assembly or stabling of mixed trains.
2. Locomotives 1, 2 and 7 remain prohibited from entering the curve.

(Therefore, when no. 1, 2 or 7 works a mixed train, it may be necessary to hand shunt vehicles off or onto the curve where such a movement is required.)
